

CORROBORATION OF CHRONOLOGY BY THE TABERNACLE

KNOWN:

Adam's Creation = 4128 B.C. (from Genealogy)

SHOWN ABOVE:

Reasonableness of 4126 B.C. as date of the Fall, necessitating Redemption (which the Tabernacle pictures). With NO OTHER Chronology will this Architectural Symmetry be retained.

Note:

*If we use the Pyramid Cubit (25 inches), the curtain is 7000" long!
But the lesson remains with any size cubit since the proportions do not change.*
