

# 7th CREATIVE DAY

**"Write Down The Vision And Make It Plain Upon Tables That Everyone May Read It Fluently" Habakkuk 2:2**

\* Some of these dates may vary in name by one year due to the Jewish arrangement of beginning the year in the autumn. For instance, we normally think of the prophetic date as being 1914. It is ACTUALLY 1915. Since, however, the events began in the fall of 1914, and the Jewish new year began then, we frequently, for convenience, refer to 1914.
